Education

Dayananda Sagar College of Engineering — Bengaluru, India
Bachelor of Engineering in Computer Science and Engineering - CGPA: 9.32/10 — *Sep. 2025 – Present*

Technical Skills

Languages: Java, C++, HTML, CSS, JavaScript
Frameworks: React, Tailwind CSS
Developer Tools: Git, GitHub, VS Code, Vercel

Projects

FilmOrae | *React, JavaScript, Tailwind CSS, React Router, TMDB API*

- Developed a responsive movie discovery website using React and Tailwind CSS.
- Integrated the TMDB API to fetch movie details, ratings, posters, cast information, and trailers.
- Implemented genre-based filtering and sorting by popularity, ratings, release date, and title.
- Built dynamic movie details pages with client-side navigation using React Router.

Air Quality Dashboard | *HTML, CSS, JavaScript, Chart.js, Leaflet.js*

- Built an interactive dashboard to visualize air quality and weather data.
- Integrated external APIs to fetch and display real-time environmental information.
- Implemented interactive maps using Leaflet.js and OpenStreetMap.
- Developed charts and visualizations to analyze pollution trends.

BrainLyx | *HTML, CSS, JavaScript*

- Developed a climate change awareness platform to educate users about environmental sustainability.
- Designed responsive web pages using HTML, CSS, and JavaScript.
- Created interactive UI components and educational content sections.
- Used Git and GitHub for version control and collaboration.

Achievements

- Solved 100+ problems on LeetCode, strengthening problem-solving and Data Structures & Algorithms skills.
